# BLINDE DESIGN

## SOPHISTICATED AND ELEGANT DESIGNS THAT ENHANCE YOUR HOME AND YOUR LIFE

Blinde Design tables, outdoor chairs, multi-configuration modular sofas, bar carts and planters cater to our desire for inviting stylish spaces and our love of outdoor living.

With their contemporary design aesthetics and high-quality craftsmanship, every piece in the Blinde Design Collection enhances the look and liveability of any outdoor or indoor environment. In fact, every piece of the Blinde Collection has been designed with comfort and flexibility in mind: within minutes you can adapt your setting to suit your space's layout and the occasion, whether it's a casual meal for two, a family get-together or a celebration with friends.

And as each piece is crafted from strong, durable materials, including natural teak, Sunbrella® fabrics, hi-tech Fluid™ Concrete, and black powder-coated aluminium, they retain their modern, good looks for many years, indoors and out.

Experience the freedom to create indoor and outdoor spaces that enhance your home and your life: Explore the Blinde Design outdoor furniture collection today - or talk to us about creating a unique bespoke design.

# MODULAR SOFAS

BLINDE DESIGN MODULAR, OR OUTDOOR SECTIONAL, SOFAS PROVIDE THE ULTIMATE IN STYLE, COMFORT AND FLEXIBILITY. THEY STRIKE THE PERFECT BALANCE BETWEEN SCULPTURED SHAPES WITH MAXIMUM COMFORT AND SUPPORT AND THEY EASILY FIT ANY SETTING, WHETHER IN AN OUTDOOR SPACE OR INSIDE YOUR HOME, OFFICE OR COMMERCIAL AREA.

Our Relax and Connect modular lounge collections mean you can have countless configurations and design styles to seamlessly complement any space. Upholstered in all-weather Sunbrella® Fabric, with a choice of three colour options, they're designed to stand the test of time, even in harsh outdoor environments - and are equally at home indoors.

O37 Ottoman  
(Sooty fabric)

TIMELESS STYLE, DURABLE MATERIALS, SUPREME COMFORT AND VERSATILITY ARE WHAT DEFINE BLINDE DESIGN'S RELAX MODULAR SOFAS.

THEY CAN BE CONFIGURED TO SUIT TO ANY SPACE AND LIFESTYLE, INDOORS AND OUT. WITH A STYLISH LOW-BACK DESIGN CONSTRUCTED FROM A STRONG AND DURABLE POWDER-COATED ALUMINIUM FRAME, WITH COMFORTABLE QUICK DRY FOAM SHELLS UPHOLSTERED IN SOFT BUT STURDY, WEATHER-RESISTANT SUNBRELLA® FABRIC, EACH MODULE IS DESIGNED TO STAND THE TEST OF TIME.

THREE DISTINCT MODULES - THE VERSATILE CORNER (WHICH CAN BE USED LEFT OR RIGHT), SINGLE, AND AN OTTOMAN - ENABLE THE CREATION OF ENDLESS CONFIGURATIONS FOR MODERN OUTDOOR AND INDOOR SPACES.

# CHAIRS

DESIGNED TO BE COMFORTABLE, FUNCTIONAL AND STYLISH, BLINDE DESIGN'S COLLECTION OF OUTDOOR CHAIRS CREATE AN EYE-CATCHING STATEMENT IN ANY SPACE, OUTDOORS AND IN. AND WITH DURABLE AND COMFORTABLE INDIVIDUAL (OR ACCENT) CHAIRS, ARMCHAIRS, LOVESEATS AND BAR/COUNTER STOOLS, WE HAVE EVERY OCCASION COVERED.

The wooden chairs in the Sit Collection feature sleek, clean-lined frames crafted from premium teak, which is naturally moisture, light and heat resistant - and the strongest hardwood on the market. Upholstered in high quality, weather-resistant Sunbrella® fabric, Blinde Design outdoor chairs are ideal for open-air environments and look good, year after year.

## TABLES

WITH THEIR CLEAN LINES AND CONTEMPORARY AESTHETIC, BLINDE DESIGN TABLES MAKE A STYLE STATEMENT IN ANY OUTDOOR OR INDOOR SPACE. BLINDE TABLES STRIKE THE PERFECT BALANCE BETWEEN VERSATILITY, DURABILITY AND FUNCTIONALITY, AND WITH THEIR STRIKING CONTOURED SCULPTURAL SHAPES AND CONSISTENT COLOUR, THEY ENHANCE ANY ARCHITECTURAL ENVIRONMENT.

Our Blinde concrete coffee and side tables are handcrafted using Fluid™ Concrete Technology, which gives them a smooth finish and a durable and robust composition. Choose from two sizes - low and medium size - and from three on-trend colours - Natural, Graphite and Bone - that complement any alfresco and interior space.

# BAR CART

BLINDE DESIGN BAR CARTS PROVIDE THE PERFECT SOLUTION FOR ALL YOUR ENTERTAINING NEEDS. PRACTICAL YET CONTEMPORARY DESIGNS COMBINE TO COMPLEMENT ANY SETTING, PROVIDING A MUST-HAVE FOR ENTERTAINING AT HOME AND STORING YOUR BAR ESSENTIALS.

With its geometric design and sleek lines, Blinde Design's Serve T30 bar cart is the perfect combination of form and function. A stylish and sturdy outdoor serving cart - or perhaps a mobile cocktail bar - it's crafted from naturally weather-resistant teak wood. The serving cart's two generous serving levels enable drinks and food to be smoothly transported from the kitchen or bar to anywhere in the home and garden.

# Fluid™ Concrete Technology

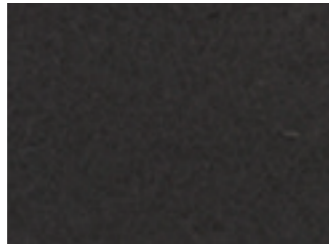

**BLINDE CONCRETE TABLES AND PLANTERS ARE HANDCRAFTED USING ENVIRONMENTALLY FRIENDLY MATERIALS AND FLUID™ CONCRETE TECHNOLOGY, A SOPHISTICATED AND STREAMLINED SYSTEM THAT CREATES EXCEPTIONALLY STRONG, DURABLE AND RELATIVELY LIGHTWEIGHT CONCRETE PRODUCTS, EVERY TIME.**

Each concrete table and planter pot has a smooth and seamless surface that has consistent colour and is resistant to moisture, stains, heat and UV rays - making them highly suitable for the outdoors and entertaining, indoors and out. And importantly, all our concrete products are made from 95% recycled natural materials that absorb CO2 during production, are 100% recyclable and release minimal greenhouse gas emissions.

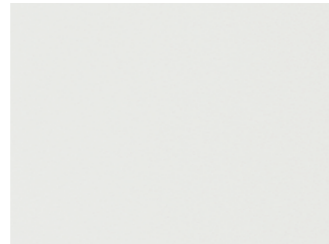

## Colours

**Natural**  
Our most versatile shade, Natural is an organic concrete finish that seamlessly integrates into contemporary or traditional spaces.

**Graphite**  
Sleek and modern, Graphite demands attention. Familiar yet fresh, Graphite complements a range of alfresco spaces.

**Bone**  
A trendsetting finish with a clean and crisp texture. Bone is inspired by coastal tones and peaceful spaces.

## The Concrete

Fluid™ Concrete Technology uses a custom composition of green cement combined with 95% recycled natural materials.

Our special moulding process incorporates multiple layers of structural meshing combined with a carefully mixed slurry to produce a high-quality and dimensionally stable concrete that is relatively lightweight and incredibly strong.

With a curing process that allows each piece to rest and set in controlled conditions, we are able to produce consistently beautiful products that are built to last.

## The Coating

Developed in-house by our research and development team and a highly experienced German coating supplier, Fluid™ products are coated with a water-resistant barrier to ensure the green concrete composite shell becomes totally inert and isn't subject to temperature fluctuations or moisture saturation.

Each product is fully enveloped in a specially formulated solvent-based solution that protects the raw materials from environmental weathering. This enables us to deliver perfection from the base raw materials right through to the finished product - working from the inside out, to achieve an exceptionally robust product that is purpose built.

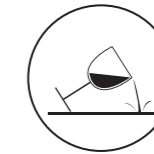

## Features and Benefits

**Eco-friendly**  
Made from a combination of green cement and 95% recycled natural materials that absorb CO2 during the curing process, our composites are 100% recyclable and release minimal greenhouse gas emissions.

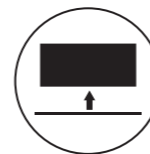

**Quality Control**  
Every piece is marked with a unique serial number for quality control and traceability purposes. They're also dimensionally stable with low expansion and contraction rates.

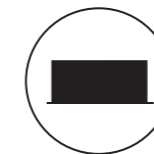

**Stain Resistant**  
Rigorous testing confirms the surface is impervious to ethanol, wine, vinegar, oil, mustard, tomato ketchup, salt, soy, bleach, espresso coffee, window cleaner, and more. (Turmeric should be avoided.)

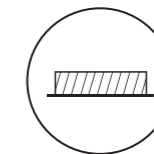

**Environment Resistant**  
Fluid™ concrete is resistant to water, fire, insects, termites, mold and mildew. Fully cured, non-hydraulic concrete does not retain water, meaning it is resistant to freezing and thawing.

**Lightweight**  
Sturdy yet lightweight composition creates easily relocated furniture solutions.

**Seamless Construction**  
We generate and work with moulds capable of producing unibody products which are seamless and free from join lines.

**Durable Surface**  
An exceptionally strong adhesion creates a coating that does not flake, peel or crack, and can withstand extreme weather variations and long UV exposure.

**Easy Care**  
Clean with mild soap and warm water using a soft cloth. Apply polymer car wax polish twice a year to nourish and protect, it also adds depth to the finish and brightens surface pigments.

# Sunbrella® Fabric

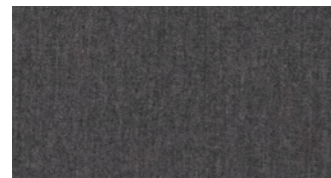

**BLINDE DESIGN ONLY USES SUNBRELLA®, THE WORLD'S NUMBER ONE OUTDOOR PERFORMANCE FABRIC THAT IS HIGHLY DURABLE, WATER-REPELLENT AND STAIN, FADE AND UV RESISTANT.**

Sunbrella® fabric's flat, consistent weaves gives it a smooth softness with an easy-care finish and being colourfast, they retain their good looks for many years.

Blinde's upholstered cushions and scatter cushions come in a choice of Sunbrella's three natural, contemporary colours – Flanelle, Sooty and Canvas – and are resistant to stains, mildew, mould and fading. The perfect choice for outdoor settings and for entertaining indoors.

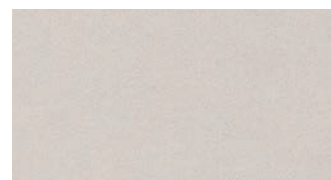

## Colours

Flanelle

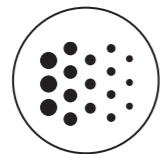

Sooty

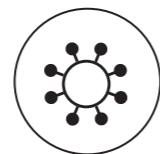

Canvas

## Features and Benefits

**UV and Fade Resistant**  
Sunbrella® fabrics are highly UV resistant, holding their colour even when exposed to the sun, salt and chlorine of harsh environments.

**Mould and Mildew Resistant**  
Mould and mildew will not inherently grow on Sunbrella® fabrics. Simply brush off dirt and debris to keep the fabrics clean.

**Easy Care**  
Sunbrella® fabrics can be spot cleaned with mild soap. They can also be cleaned with bleach, without losing its vibrant colour.

# Natural Teak Wood

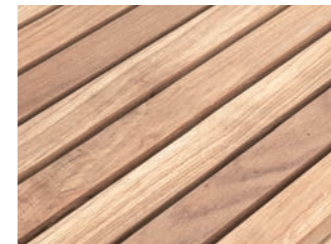

**TEAK WOOD HAS A DEMONSTRATED ABILITY TO WITHSTAND THE HARSH EFFECTS OF THE WEATHER AS IT HAS A NATURAL OIL THAT REPELS WATER AND STOPS IT WARPING, CRACKING OR BECOMING BRITTLE.**

The hardwood's incredible strength and durability have made it the world's most premium timber and an ideal choice for outdoor furniture.

Teak wood is also low maintenance, requiring an occasional wash with soapy water and a soft nylon brush to remove pollen and dirt and a coating of natural oil as needed to protect the surface from stains and keep it looking its best.

The Teak used as a finish in our range of chairs is "A" Grade and TRIC Certified (Tropical Rainforest International Certification) which means it is harvested from a sustainably managed forest or plantation.

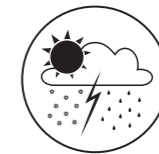

## Colour

## Features and Benefits

**Durable**  
Teak's natural oil repels water and stops it warping, cracking becoming brittle, which helps teak retain its shape and good looks for many years.

**Environment Resistant**  
Teak can be left outside all year round, even in extreme weather conditions. Over time, untreated teak furniture exposed to sun and rain will turn silver grey. This process does not harm the strength or quality of the wood.

**Easy Care**  
Remove moss, dirt, and surface stains, with an occasional wash with soapy water and a soft nylon brush is all you need. Teak can be cleaned to bring back its golden colour no matter how old.

# Get to know MAD Design

## MAD Design

MAD Design is a family of globally recognized brands, champions innovative, eco-conscious solutions that elevate the beauty and comfort of all spaces.

Our brands:

**Blinde Design** furnishes both indoor and outdoor spaces effortlessly and elegantly. Constructed with durable weather-resistant materials and on-trend styles.

**EcoSmart Fire** delivers limitless fireplace solutions with advanced and diverse fuel technologies to cater to every project's requirement.

**Heatscope Heaters** revolutionize the outdoor warming experience with sleek silhouettes and an emphasis on discreetly providing comfortable, sunlike warmth.

**e-NRG**, our bioethanol fuel, leads the market with its superior flame performance and extended burn time.

With MAD Design, you can rest assured that your space embodies the timeless elegance and superior performance it deserves.
